DeMarcus Zaragoza

Code book for player_data.csv

I like basketball because it is a sport that I have played my whole life. This talks data talks about who are the best players in the nba.

Data obtained from https://projects.fivethirtyeight.com/2023-nba-predictions/ by Ryan Best and Jay Boice

Raptor_box _offense	This is what the offense looks like in the box score
Raptor_box _defense	This is what the defense looks like in the box score
Raptor_box _total	This is how a player looks in the box score on offense and defense. The total points scored vs the total points scored against. Could be negative could be positive depending on the win or the lost.
